### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: applicant's arguments and the closest prior art of record (e.g. Siveski-Illiskovic) obviate obviousness since the prior art teaches away from using probucol (and its esters) to enhance cytotoxicity of antineoplastic drugs. Applicant's arguments directed to the nonenablement rejection of record were considered and deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Rejoinder***

*The allowability of the generic claim (e.g. claim 1) necessitates rejoinder of non-elected species claims 32-34 and 36-40 which are now necessarily allowable.*
